BRIAN MAKINI

TEACHER & SOFTWARE ENGINEER

PROFILE

I am Brian Makini, a teacher by profession and an aspiring software developer, self-taught in PHP, MySQL, HTML, CSS, and JavaScript. Recently enrolled in a certified software engineering course at Power Learn Academy, I'm passionate about integrating technology into education. My project, Elimudigital, allows students to access learning materials, and I'm eager to collaborate with others to develop more real-world solutions for our students.
